Meghan Ohare, RN

Medical/Surgical

Belton Regional Medical Center

Belton, MO

United States

Meghan O'Hare

My dad has been in the hospital five times in the last seven months and twice Meghan has been his nurse. She is always smiling and in a good mood. The last time we were in the hospital she checked on my dad even though she wasn't his nurse. Meghan remembers our names and is very kind and caring to us as well as my dad. She can get my dad to do things he may not want to do by encouraging him and joking with him. She has a spunky personality and speaks loud enough to deal with a hard of hearing man. She has been a great advocate for my dad when I wasn't able to be there. My dad is funny and ornery and she can take it as well as dish it back out to him, which he loves. Thank you Meghan!
